Parkview Select Care

Parkview Select Care is a fully insured health plan product aligned around receiving excellent care provided by providers who are part of Parkview Physician's Group (PPG) and our extended clinically integrated physician/specialist network; as well as hospital-based inpatient and outpatient care delivered at Parkview Health facilities across our region.

Parkview Select Care will be administered through a partnership with SIHO Insurance Services. The health plan will offer 13 different health plan designs, including both PPO and high deductible health plan design options.

- Quality of care is achieved through coordination of care and information sharing to ensure patients receive care that is safe, timely, effective and efficient - meeting or exceeding national quality standards.
- Patient experiences are led by physicians who work to restructure their practices to provide excellent care for every person, every day. Beyond the physician, patients in value-based payer plans have an entire care team helping them understand their health status, truly meeting patients where they are to create a personal health journey. Nurses, social workers, medication specialists, behavioral health specialists and other experts help patients get the resources they need to improve their health and well-being.
- Value, in terms of reduced waste in healthcare, means eliminating medical expense waste. Examples include:
 - Duplicated or unneeded testing
 - Hospital readmissions
 - Delayed decisions or actions due to lack of information
 - Avoidable emergency department visits
 - Avoidable inpatient hospital stays
- Employee access to a comprehensive selection of providers to meet their needs.

The member will then click the green, *Member Portal Login* tab to be directed the Parkview Select Care Member Portal sign in page.
